

Life Changing Word--Broadcast 12--September 16, 2018

Hello and Welcome

Thank you for listening.

I want to start with a prayer.

Jesus, I pray that every word spoken be anointed by the Holy Spirit and that hearts, minds, and lives will be opened and lifted and encouraged and changed for the better because of this teaching today. I pray that all who are sick, or suffering, or in crisis today will believe and receive this teaching and place a demand on your miracle power to transform their lives. In Jesus name, Amen.

In the last broadcast I shared some scriptures and teachings on how to confront sickness, and the system of negativity and doubt that try to defeat your faith and keep you from receiving the free gift of healing that Jesus provided on the cross.

This week I will illustrate how there are certain laws that govern how the healing process operates.

In addition, I will explain how getting healed and other answers to prayer compare to receiving electricity from the power company.

We are all aware of the laws of nature that govern our planet.

For example the law of gravity.

We know that if we violate the law of gravity it could have devastating effects.

No matter how hard we may wish to fly off the top of a building, we can depend on gravity to pull us back to earth.

Well there are God's laws that you can also depend on working.

Gods laws will work for you consistently when you know them and apply them correctly.

Gods laws will work against you when you apply them wrong or you violate them out of ignorance.

Just because a baby doesn't know or understand the law of gravity doesn't mean that a baby will not fall to their injury if they crawl off the top of a building.

The law of gravity doesn't care if you understand how it works or if you are aware of the consequences. Gravity just consistently operates.

In a similar fashion, the laws of God and the power of God operates consistently whether we are aware of them or understand them or violate them or apply them correctly. You can depend on God's laws to consistently just operate.

That is why it is so important to read the instructions given to us in God's Word the Bible. It is God's instruction manual as to how His supernatural laws and power works.

Now I want you to really listen to what I have to say next, because it may shock some of you.

God has already done everything that He is going to do to provide healing to you.

Yes, we live in an after-the-cross world. When Jesus said, "It is finished", He really meant that God's work to provide everything humanity could ever need from God was accomplished, finished, and done. When Jesus ascended into heaven, He sits and is at rest at the right hand of the Father, because His work is done.

Now let me compare what Jesus did for us on the cross to your local electric supply company. Some people just call it the "Power company".

The power company has a legal mandate enforced by the Department of Energy or a state's utility commission to bring

reliable and consistent supply of power to meet every demand of every customer consistently 24 hours a day.

The power company is contracted to deliver this supply of power through miles of power lines installed in designated utility easements specified by law in every neighborhood and even many rural and remote areas.

Once this infrastructure is completed, the power company is not required to go beyond their legal mandate. The power company is not authorized to go outside the public utility easement and install power lines on private property without permission or consent.

A private property owner must request connection to the power provided by the electric company. Once the power company connects to the individual's home, the power company has fulfilled its obligation. Now it is up to the home owner to place a demand on that power source.

If you need the light in your kitchen to turn on, YOU must flip the light switch. You do not call the electric company and ask them to send someone to flip your light switch. You do not stand at the light switch and ask if it is the WILL of the electric company for you to flip the switch. You do not kneel and beg and plead for permission to flip the switch. You do not call three people and ask their opinion as to whether you should flip the switch. Are you going to pace the floor and worry over flipping the switch? No, you are not going to do any of the above.

You know the power company has installed all the necessary infrastructure needed to supply power and your house is connected to the power source and all you have to do is place a demand on that power by flipping a switch. You don't even stress over it. You fully expect the light to come on without any hesitation.

God is the power source and when Jesus took stripes on His back and shed blood for our sins and died to redeem us from hell and rose again victorious over sickness, sin, death, and the grave; the infrastructure to deliver all the power we need for anything we need was accomplished and now it is up to you to just place a demand on that power and believe that you have full access to the power of God and receive and enjoy it.

You do not need to ask if it is God's will to heal you. God's Word and His corresponding actions all confirm, that it is God's will to heal you.

You do not need to beg and pace the floor and worry and stress over it. Jesus freely gives and He has instructed us in His Word to boldly ask and freely receive.

Most of us have no clue how electricity works. We do not even feel compelled to learn what makes electricity work. We just know that if we flip the light switch we can expect power from the power source to be available immediately to light up our house.

In addition, the utility company provides the exact same experience and benefits to all power consumers. It does not discriminate or judge or make exceptions and deliver one kind of current to one customer and another kind of current to another. No it provides equal power current to the rich, poor, black or white person.

God's power is available to all that place a demand upon it. Please do not be deceived any longer by wrong healing doctrine. God loves you and He has provided a continuous flow of power to your life and circumstances. Your house or your need or your problem or your sickness is not unique or isolated. God's power does not disqualify anyone from placing a demand on His power supply.

Today's scripture is found in:

1 Peter 5: 5-11

God resists the proud, and gives grace to the humble.

Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time:

Casting all your care upon him; for he cares for you.

Be sober, be vigilant; because your adversary the devil, as a roaring lion, walks about, seeking whom he may devour:

Those who resist steadfast in the faith, knowing that the same afflictions are accomplished in your brethren that are in the world. But the God of all grace, who hath called us unto his eternal glory by Christ Jesus, will make you perfect, establish you, strengthen, and settle *you*.

The word adversary in this scripture represents a legal term defining the devil as an opponent in a law suit. Like a prosecuting attorney trying to make you pay for your crimes or sins.

Satan is your accuser and critic and he tries to intimidate you by roaring insults and slander at you, but satan has NO TEETH.

Satan has no teeth because every charge he tries to bring against you and threaten to prosecute you with, has been settled by Jesus' sacrifice on the cross. According to Jewish law, the priest never examined the man who brought his lamb to be sacrificed. The priest examined the lamb and if the lamb was perfect then God accepted it as payment for the man's trespasses. Jesus was the perfect lamb sacrifice and God only sees what Jesus did on the cross. So by God's grace satan can roar as loud as he wants, but satan has no bite.

I am very interested in praying for you. Please send me your prayer requests.

Please repeat this prayer with me.

Jesus I confess I am a sinner. I repent of my sins. Please forgive me. I believe You sacrificed your life to secure my salvation and my healing. Jesus come into my heart and be my Lord and Savior. Jesus heal me of all my diseases. Jesus take all my pain and symptoms and give me peace and a good night sleep. In Jesus name, Amen.

Thank you and God bless you.
